

# Leavers' Prom

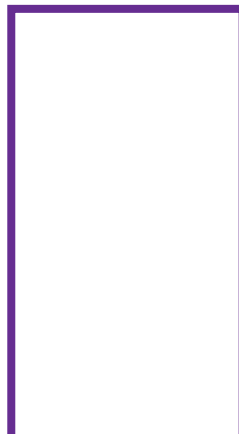

Preparations began months ago in readiness for the 2010 Leavers' Prom which was held at the Marriott Hotel in Seaburn on Thursday, 24th June.

A group of Year 11 students formed the 'Prom Committee' with the aim of organising every aspect of the Prom. These students have worked extremely hard and have developed vital skills, such as event management and working with the local business community.

As you will see from these pictures, all the hard work and effort that went into the planning and organising was time well spent.

A great night was had by all!

# 2010

## Sunderland Airshow Concert

On 24th of July 2010, at the Seaburn Airshow, Elisha Maley, Laura Hale, Terri Topping, Shanice Leonard, Dayna Wrathmall and Courtney Hodge made the Academy proud by dancing to a programme of Gospel songs performed by our very own Mrs Roberts.

The weather was fantastic, enabling them to perform in the open air at the Risen Tent (All Churches United in Sunderland) to a large audience.

The event was a huge success. The girls were interviewed by Metro FM and went live on air representing Castle View Enterprise Academy. We would like to say a big, "Thank you," to all who attended and supported us; it was greatly appreciated. Well done girls and thank you for all of your hard work. You were fantastic!

## Mayors Award at Alnwick Castle

The Mayor's Award group visited Alnwick Castle as part of their award scheme. The aim of the visit was to learn about how different it was in the past to how it is now.

They learnt a great deal about the Castle, its history and the current owners and discovered that parts of the Harry Potter collection was filmed there too! The students learned about the differences in clothing, income and hygiene to the way it is in today's society.

They participated in a session to learn how to make dry soap using oats. Various other activities throughout the day included archery, illuminated letter writing and a tour around the maze.

Even though there was a small amount of snow on the ground and it was very cold, it didn't dampen the spirits of the students and staff who thoroughly enjoyed the day. With another part of their award completed, they are looking forward to the next challenge in the Mayor's Award scheme.

## Roots n' Shoots

This term, the Roots 'n' Shoots Club have been involved in a large community programme for Gentoo using large pots and compost provided by B&Q and Homebase. A number of local tenants will be receiving a free planter full of seasonal bedding plants purchased by our Academy, all of which are planted by the dedicated students in the club.

The members of the Roots 'n' Shoots Club are also currently looking for sponsorship for a litter pick to help raise funds to provide a local elderly couple with the resources to complete a small garden makeover. Their situation has been brought to our attention by 'Community Opportunities'. Any small cash or plant donations would be greatly appreciated. If you can help, either pass the donations to your child or bring along any plants you would like to donate and leave them at the Academy Reception.

Thank you as always for your support.

## Skipping Festival 2010

On Thursday 24th of June, the Academy hosted its first Year 3 and Year 4 Skipping Festival. This was a joint festival with Hylton Redhouse Academy and each primary school in the surrounding area. In total, there were 240 pupils who participated, made up from 8 primary schools. Each pupil was entered into a different skipping contest against the other schools. No one was able to escape the mayhem as all staff joined in too by counting how many skips their pupils performed and also by turning the ropes in team events.

To end the festival, each school choreographed a dance routine, using the skipping ropes along with some very funky dance moves!

All the participating schools were exceptional and everyone involved had a great time.

The overall winners were Bexhill Primary who now go onto represent our local schools in the Sunderland final.

# Pedometer

# Challenge

Have you ever wondered just how far you walk each day?

A number of staff and students at the Academy took up the "Pedometer Challenge" as part of Healthy Living week and the results were surprising to many of them.

The distances (seen below) were measured in miles over a 5-day period with the staff coming out on top.

We would like to give a special mention to our Caretaker, Stan Wallace, who covered a massive 29 miles over the week.

Well done Stan! Keep up the walking!

# Family Fun Day

Castle View Enterprise Academy helped the local community wind down for the Summer Holidays with its first ever 'Family Fun Day' on July 10th.

Events included family fitness and healthy diet sessions with Sunderland Football Club, jewellery making, nail art, martial arts and cookery demonstrations, amongst other things.

Academy Principal Mrs Bridges said, "We had a wide range of activities and entertainment on offer, so there was something for people of all ages to enjoy."

Watch out for next terms' Family Fun Day!

# Day out at . . . Flamingo Land

Some of the staff thought they had got the short straw when we were chosen to help on the Flamingo land trip. What started off as a cold, dark, dreary winter's day ended up being one of the best school trips we have attended.

The Park had just reopened its doors for the season so there were very few people there, which meant the students were able to go on all the rides over and over without standing in long boring queues.

Thanks to Mrs Scott who manned the emergency post, the rest of the staff were able to have an exciting time with the students on the rides, whether it was the Gentle Gallopers to the scary Cliff Hanger or the ups and downs of Kumali (or even the more nervous members of staff who visited the animals and enjoyed the sea lion show instead!)

The weather stayed dry until 10 minutes before we had to leave which made the students arrive at the buses on time as they were getting soaked to the skin.

A wonderful day, thanks to the organisers and the behaviour of the students was impeccable. Everyone was an absolute credit to the Academy.
