

Warning: 'Sweet leaf obliteration'

There are reports that this 'legal high' is linked to a number of incidents in Newcastle, including **overdose**.

We do not know fully what **sweet leaf obliteration** (or other 'legal highs' contains or how it mixes with other substances, like alcohol.

Don't take risks. **Don't use them.** Don't mix.

For any information or advice on how to stay safe, speak to your keyworker, treatment provider, the harm reduction service, Turning Point or YDAP (Youth Drug and Alcohol Project).

If you overdose, witness an overdose or are experiencing any unusual side effects, go to A&E or phone 999

This warning was issued by the Director of Public Health on 12/11/15
