

July 2020

Dear Parent / Carer

### Year 10 Futures Week 13<sup>th</sup> – 18<sup>th</sup> July

Due to Covid-19, many of our careers events with external partners including local businesses, colleges and universities, had to be cancelled. To allow students to continue with their careers education, we have developed a range of activities which form our Futures Week programme. The programme will enable students to explore future pathways, learn about key employability skills and gain an insight into the world of work.

Each day of Futures Week has an overarching theme on which students will complete a set of core activities. Students can then, if they wish, explore topics in more detail with suggested additional resources which are signposted on the Futures Week timetable. There is a set task for students to complete each day to check their understanding and demonstrate their engagement with the programme. Students will receive the materials for the programme by email and through ClassCharts.

**To allow students to focus on Futures Week, the timetable will be collapsed for the week so no work from subjects will be set. Therefore, year 10 students who have been attending the Academy will not be required to attend on their assigned day in the final week of term.**

If you have any questions about the programme, please contact [enquiries@cvea.co.uk](mailto:enquiries@cvea.co.uk).

Yours faithfully

Mrs E McDermott  
Assistant Vice Principal / Careers Leader
